

2007 Hemostasis Study Group: Minutes of Meeting

Time date and place: Friday, 6-29-07 at 7:15 am , Radison Hotel, St Gallen

Name of person calling meeting to order: R. Parameswaran

Attendees:

NAME	COUNTRY	PROFESSION
1) Rekha Parameswaran	USA	Physician
20 F Hassan	Sudan	Physician

Items of discussion:

- 1) Increase active participation in hemostasis study group by existing members who have expressed an interest in hemostasis
- 2) Recruitment of new members with multidisciplinary representation and consider feasible ideas for web based projects
- 3) Dr Hasan discussed his areas of interest in supportive care for hematologic malignancies and hemostasis and discussed need for funding to adequately investigate issues related to problems of hemostasis and thrombosis

Goals identified to implement in coming year:

1. Make this an active study group; set timelines and launch at least one research project and encourage abstract submission to 2008 meeting
2. Collaborate with ASCO regarding guidelines for venous thromboembolism in patients with cancer
3. Goal is to have a “thrombosis symposium” at MASCC 2008

Members willing to be reviewers of materials received for MASCC approval
