

Research studies on the MASCC website - Policy

All requests for posting a research study on the MASCC/ISOO web site must:

Be submitted to Associate Director (AD) for review

[>view MASCC contact information](#)

Be relevant to some aspect of supportive cancer care.

Have received/submitted an IRB approval from an institution or organization
(To notify MASCC when approval received).

Upon AD recommendation, the Executive Director and a Board member or MASCC member (who has expertise in the topic to be studied) appointed by the President will review the application.

Research studies for posting on the web site have the following priority.

1. Study proposed by a MASCC study group: After reviewed and approved, will be posted immediately on the web site. There will be no charge.
2. Study brought to MASCC by members of the Corporate Advisory Council: After reviewed and approved, will be posted immediately on the web site. There will be no charge.
3. Study proposed by an academic institution or non-profit organization: After reviewed and approved, will be posted immediately on the web site. There will be a minimal administrative fee.
4. Study brought to MASCC by industry: After reviewed and approved, will be posted immediately on the web site. There will be a fee.

Please contact the MASCC Executive Director for questions regarding this policy or applicable fees. [>view MASCC contact information](#)
